Disclosure of Original Manufacturer

Dear valued customer,

The qualification and consistent tracking of the original manufacturers of selected chemicals, filtration products, or other products intended for use in pharmaceutical or bio-pharmaceutical applications or in other highly regulated markets are fundamental parts of our quality system.

To enable you to perform internal risk assessment and qualification activities, and as needed to satisfy regulatory requirements, we herewith disclose to you on a strictly confidential basis the current **original manufacturer** for the products you requested.

Catalogue Number	Product Description	Original Manufacturer
108484	Urea beads	BASF SE Carl-Bosch-Str. 38 67056 Ludwigshafen Germany

All information is to be treated as strictly confidential according to the terms of the most recent Confidentiality Commitment executed on behalf of your company.

Sincerely,

Quality Services
